Request assistance from the Office of International Programs to help find housing

Note: The Office of International Programs does not guarantee International students housing. We are only offering to help students secure housing that is close to campus.

If the OIP does find you housing and you accept, you are committed to that housing.

Will find housing on my own

If you have requested assistance to find housing, please fill out the following questions. These are to help us determine where you would most like to live. We will look for housing close to campus and at a reasonable price. Places may or may not come furnished. Generally, the OIP does not house students from the same country together.

Housing (flat or house; private or double bedroom with shared common space, 3-5 persons)

Single Room (private bedroom)

Double Room (share a bedroom with someone)

Are you willing to share a house (not a bedroom) with a member of the opposite gender?

Yes

No

Do you smoke?

Yes

No

Price Range; *highest* price you can pay for rent per month, not including utilities

\$400

\$400 - \$500

+\$500

Note: The OIP will look for low, reasonably priced places. This is just to gauge what are plausible possibilities for you.
