

Have we told you how excited we are that you are joining the Mines community this fall? Well, we are thrilled! In an effort to ensure a smooth transition and to keep emails to a minimum, we will be sending periodic incoming student e-newsletters. Please take time to read these newsletters in their entirety as they provide important information about deadlines, next steps, who's who and some fun Mines tidbits sprinkled throughout as well.

If there's any additional information that you would like to see in a future newsletter, please let us know by emailing your suggestions to [Nicole Vilegi-Sandage](#), Associate Director of Undergraduate Admissions.

Office of Admissions

Claim Your Mines Multipass Account

As an incoming student, your next step is to Claim Your Mines Multipass Account (aka Claim your Account). You can begin this process [here](#) and will need your Campus Wide Identification (CWID).

As a reminder, your CWID is: (Your ID was included here in your custom newsletter)

Keep this number handy as you will also need it to access the student portal, [Trailhead](#). Through Trailhead, you can review your financial aid award letter, set up your Mines email and you will have access to your student account, among other things.

Another important step is to order your **final high school transcripts** at the end of the semester (and before your school closes for summer break) and have them sent to our office.

Department of Residence Life

Welcome to Mines! Please pay close attention to the following deadlines:

- **May 1st:** [Theme Learning Community](#) (TLC) application deadline (if you are interested) in living in a TLC). We will inform you of your status regarding TLCs in the first week of May.

- **May 15th:** Housing application deadline. Simply go into your [Trailhead account](#) and complete the application.

- **August 15th, 8am-4pm:** TLC Move-In Day
- **August 17th, 8am-5pm:** Move-In Day

We can't wait for you all to arrive! Watch out for more information about roommates and choosing your room assignment coming to your email account and in the next e-newsletter.

Student Health Center

Congratulations on your acceptance to Mines! We look forward to welcoming you here in August. In order to ensure a smooth transition, please send the following **required** information via the Mines Health Portal (in [Trailhead](#)) prior to July 1, 2017.

- MMR: Measles, Mumps and Rubella Vaccine (two vaccines)
- TB Skin Test (PPD) Screening Questions
- Meningococcal ACWY Vaccine (if you are living on campus)
- Consent to Treat Minor

Before accessing the Mines Health Portal, please ensure that you completed the [Claim Your Account](#) process, if you have not already done so. Complete details regarding the above immunization requirements can be found [here](#) and a step-by-step Mines Health Portal guide is attached and can also be found [here](#).

Center for Academic Services and Advising (CASA)

We here at CASA are excited to work with you throughout your first two years on campus. With the arrival of spring comes the question that's on everyone's mind:

When and how do I register for classes?

Great question! The Registrar's Office will register all new students for their fall semester courses in mid-late July. You are strongly encouraged to attend a [Launch event](#); an Orientation program designed to welcome you to Mines. You will be able to share class preferences at Launch, in addition to gathering other helpful information from around campus.

If you cannot attend Launch, we will have an online advising session in which you can participate to share your preferences. More information will be coming.

We know you have many questions on your mind. Please visit our [website for incoming students](#) to learn more about CASA, advising, academic support and other helpful information.

Department of Military Science (Army R.O.T.C.)

We are looking for high quality students who are seeking opportunities to develop themselves professionally. If you are seeking a **Challenge** - academically, physically, with leadership potential, and want to have fun, then Army R.O.T.C. may be your tool to developing a pathway to achieving success. Scholarships covering tuition and mandatory fees are available on a competitive basis.

We invite you to explore the opportunities that Colorado School of Mines' Department of Military Science (Army R.O.T.C) has to offer and are happy to answer any questions you may have regarding R.O.T.C. at Mines. Check out our [R.O.T.C. video!](#)

Who's Who: Mary Elliott, Director of Residence Life and Housing

Who is your favorite super hero?

Wonder Woman. I grew up with her and was Wonder Woman for about 5 Halloweens in a row. She is a force to be reckoned with, a strong woman who doesn't need a sidekick – I just think she's awesome.

What do you love most about Mines?

Our students. I love how authentic they are in being who they are. They embrace what makes them unique, which is so refreshing!

Mechanical or regular pencil?

Mechanical all the way!

Alumni Spotlight: Kownoon Her, BS Economics

"There are so many things I enjoyed as a Mines student - professors who knew me by name, clubs that kept me active and friends that felt less like fellow students and more like family. They made Mines a second home.

The classes are challenging, of course. They won't become easier, necessarily, but if you actively seek out help and find outlets to not only support your learning but also your interests, that makes all the difference."

Kownoon Her
