

6.3 TENURE APPLICATION EXTENSION

Requests by faculty to extend the tenure application deadline must be submitted in writing to the Provost through the Department Head/Division Director (DHDD). The request must provide a specific rationale as to why the extension is being requested. The DHDD should attach his/her recommendation to the faculty request.

Typically, a faculty member's tenure clock will be stopped only if the faculty member has been off of the payroll for some period of time (e.g. medical absence, unpaid leave of absence).
