

Expansion of A.C.E. Mission Statement Item #3

Erin Miller

“Promote a campus spirit of mutual cooperation and respect”

As members of CSM we are all a team. We need to work together with all groups on campus as such and have respect for every job on campus. In working together as one unit or as a ‘Team’ we can accomplish more and at a lower cost. When we cooperate with one another everything goes much smoother and the overall mood of campus is good. As members of the ACE council I believe it is our duty to get this ball rolling by getting out there and offering our services where needed and letting the CSM population know that we are here to help.
