

TREFNY INNOVATIVE INSTRUCTION CENTER

Engineering Learning: FOUNDATIONS OF COURSE DESIGN

Are you designing a new course or redesigning an existing course? Join us to articulate your vision for the course, develop (or refine) your learning outcomes, plan your summative assessments, and begin to plan experiences to support student learning.

Two-week online synchronous sessions will be offered:

- Summer I: June 7-10 and 14-17
- Summer II: July 19-22 and 26-29

Professional Development funds available for qualified participants.

Applications Due May 9:
