Ten Things New Faculty Need to Know about the Library & Museum

Brianna Buljung  
Teaching & Learning Librarian

Emily Bongiovanni  
Scholarly Communications Librarian

August 2021
1. Portal to our Resources and Collections

Library Website: library.mines.edu
2. Diverse Research & Teaching Collections

Research Collection Highlights:

- Maps
- Special Collections
- Databases and eJournals

Teaching Resources:

- Gadgets to Go
- Mango Languages
- Kanopy videos
- Jove experiments

Access hundreds of databases and journals
libguides.mines.edu/az.php

You and your students can borrow gadgets and tools for all kinds of projects

Off campus? Check out our Off Campus Access guide
3. Course Reading Lists

Create customized reading lists for your courses. Co-locate textbooks, videos, simulations and other supplementary materials on one Canvas page.

Features:
• Student usage data
• Use materials from the library and beyond
• Print reserves collection in the library
• Rolls over from semester to semester

Contact me to get started!

Chris Thiry
Academic Outreach Coordinator
cthiry@mines.edu
4. Get the materials you need

- Chemistry & Materials Science
- Earth & Space Sciences

EBGN 434 -- PROPERTY RIGHTS AND NATURAL RESOURCES: HOME
This guide is for students in Dr. Smith's Property Rights and Natural Resources course.

In This Guide
This guide can help you find and evaluate information from the library and beyond.

Use the tabs above to navigate through the following pages of the guide:
- Find Articles - Search for articles online and in print
- Find Books - Find print and eBooks
- International Government - Find foreign governments and intergovernmental organizations
- International Law - Find laws, treaties and NGOs
- Find Web Sites - Find professional organizations and other quality web resources
- Evaluating Sources - Learn how to evaluate books, articles and web sources
- Citing Sources - Information on citation formats, citation tools and more.
6. Collaborate with Brianna on Teaching

- Research and source evaluation skills for your students or research group
- Customized
  - Assignments
  - In-class sessions
  - Online (video) tutorials
- Your students can *Book A Librarian* for in-depth consultation on their projects

Contact me to get started!

**Brianna Buljung**  
Teaching & Learning Librarian  
bbuljung@mines.edu
7. Partner with Emily across the Research Lifecycle

Emily Bongiovanni
Scholarly Communications Librarian  emilybongiovanni@mines.edu
8. Use Open Educational Resources (OER) to save students money

- OER are free and openly licensed learning materials that reduce costs of higher education for students and make classrooms more equitable
- Connect with a librarian to adopt or create OER for your courses

https://libguides.mines.edu/oer
9. Collaborate in the Scholars Hub

Services:
- Research consultation
- Book a Librarian
- Information literacy instruction
- Scholarly publishing
- Research data management
- Student engagement

Lisa Dunn
STEM Research Librarian
ldunn@mines.edu

Brianna Buljung
Teaching & Learning Librarian
bbuljung@mines.edu

Joe Kraus
Research Librarian
gevans@mines.edu

Gyasi Evans
Outreach & Engagement Librarian
gevans@mines.edu

Emily Bongiovanni
Scholarly Communications Librarian
emilybongiovanni@mines.edu
10. Mines Museum of Earth Sciences

- 2,000+ minerals, fossils and artifacts on exhibit
- 50,000+ additional items housed in archives
- Largest public display of Colorado minerals in the world
- Attracts 27,000+ visitors annually
- Frequent exhibit rotation
- Events and receptions open to the public and Mines organizations
- Renewed focus on exhibits showcasing faculty & student research

OUR VISION

*To be the leader in Earth Science exhibition and outreach, connecting the public to Mines and encouraging the pursuit of careers in STEM.*
Thank You!

Renata Lafler
Museum Executive Director

Daniel Schlegel
Museum Operations Manager

Ed Raines
Museum Collections Manager

Carol Smith
University Librarian
