Colorado School of Mines Tuition and Fees Refund Policy

The amount of tuition and fee assessments is based primarily on each student's enrolled courses. In the event a student withdraws from a course or courses, assessments will be adjusted as follows:

- If withdrawal from a course or courses is made prior to the end of the add/drop period for the term of enrollment, as determined by the Registrar, tuition and fees will be adjusted to the new course level without penalty.
- If withdrawal from a course or courses is made after the add/drop period, regardless of whether or not the student officially withdraws from Mines, no adjustments in charges will be made.

Notes:

- Students receiving federal financial aid under the Title IV programs may have a different refund as required by federal law or regulations.
- Room and board refunds are pro-rated to the date of checkout from the Residence Hall. Arrangements must be made with the Housing Office.
- Student health insurance charges are not refundable. The insurance remains in effect for the entire semester.
