

Summer Undergraduate Fee Waiver

Mandatory Student Fees are assessed to students each semester based on the number of credit hours enrolled. These fees consist of Health Services, Student Services, Associated Students, Athletics, Technology, Recreation Center, Intermodal Transportation, and Academic Construction.

During the summer semester, undergraduate students who are taking only online course(s) and/or field session course(s) that have no on-campus component, as determined by the University, are eligible to request a fee waiver for all Mandatory Student Fees except the Technology Fee.

The Student Health Insurance Plan (SHIP) is not considered a Mandatory Student Fee. However, Mines requires all students to have adequate health insurance as a condition of enrollment. If you are being charged for health insurance but have your own coverage, please submit a SHIP waiver by Census Day. Waivers can be submitted online by going to csm.myahpcare.com and selecting the waiver tab.

You are **NOT eligible for the Summer Undergraduate Fee Waiver if:**

- You are a graduate student
- You are taking any on-campus course(s) in addition to the online course(s)
- You are enrolled field session course(s) that have an on-campus component, as determined by the University
- It is not the summer semester
