

FALL 2020 MINES CAREER DAY

PARTICIPATING COMPANIES

What do all of these companies have in common? Their Employee Resource Groups (ERGs) set them apart from other companies. These resource groups, like Latinx, the American Indian Activity Group, Asian Pacific American Council, African American Body of Laboratory Employees, and the Women's Interest Network, provide support, enhance career development, and create an inclusive work environment in the workplace.

Stop by their virtual booths during career day to learn more!
