

MINES DI&A AMBASSADOR-LED LEARNING & SKILL DEVELOPMENT OPPORTUNITIES

FACILITATING DIFFICULT CONVERSATIONS TOOLKIT

Developed by Mines' own Dr. Shannon Mancus, this 1-hour workshop allows participants to work through a “toolkit” of methods for leading difficult conversations around DI&A and justice issues. The “toolkit” will include concrete methods that can be implemented before, during, and after difficult conversations in the classroom or meetings in order to make such discussions as productive as possible
