

# Berthoud Hall Emergency Evacuation Plan

## Evacuation Procedure - Building alarm

**Instructors stop class** and direct students to evacuate building

**Take belongings if immediately at hand**

**Encourage** others to leave, close doors behind you

**Follow exit signs** and **leave** the building by the nearest exit

**Do not use elevators**

**Move away from the building (75 -100' or across the street)**

**Assembly areas are:**

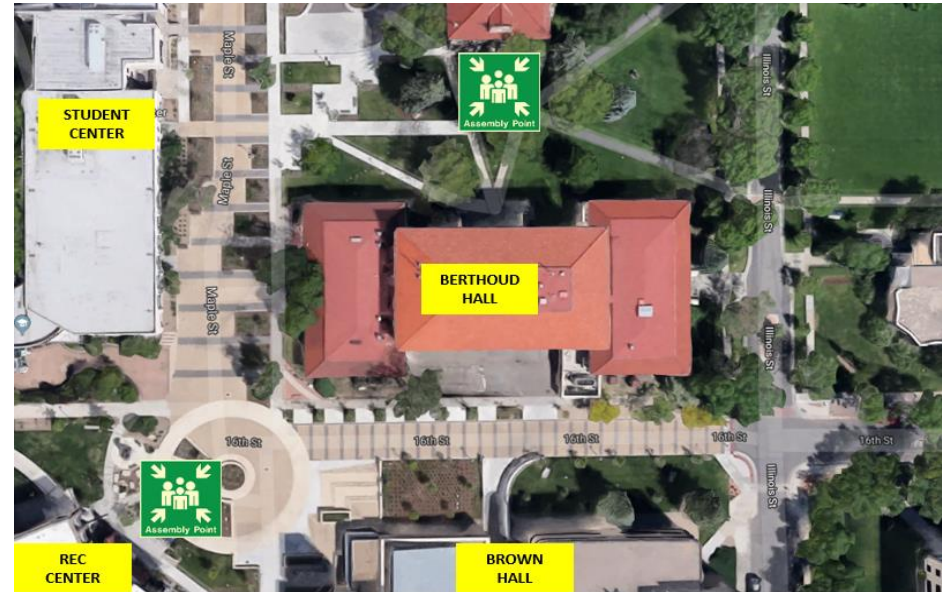

In front of east Rec Center Entrance

(Bad Weather: Inside Rec Center Lobby)

The Commons between Berthoud and Guggenheim

**Do not re-enter the building** until told it is okay by a Building Evacuation Team member (RED VEST).

**Do not interfere with the Fire Department**, direct questions to a Building Evacuation Team member who is wearing a red vest.

## Berthoud Hall alarm:

**Audible Alert:** repeating pulsed tone

**Visible Alert:** white strobes located throughout the building

## Leaving the laboratory

Place experimentation in safe state if you can do this quickly (within 2 minutes)

Close the door behind you

## If you discover a fire:

**Alert** people in the area of the need to evacuate

**Activate** the nearest fire alarm pull station (by exits)

**Call 911** from a safe location and give the operator any details

**Once outside find a Building Evacuation Team member**, the Fire Department will want to talk to you

**ASSEMBLY AREA**
