Subject: Expression of Interest for Student Signature Experience
Date: Friday, October 30, 2020 11:04:52 AM

To whom it may concern,

Expression of Interest

The Outdoor Recreation Center Trips and Events program would like to express our interest in the RFP Student Signature Experience. The ORC runs a very thorough and robust avalanche education program as well as a backcountry ski and ride trips. The 1-4 day avalanche certification courses that the ORC runs with Mines students and taught by ORC professional staff give students a benchmark experience that opens up a lifetime of safe travel in the mountains. These certification courses, 1 day introductory trips, and multi day hut style backcountry trips leave a lasting impact on the student who go and solidify a great positive experience through their Mines career.

Please let me know the next steps in this.

Sincerely,

Kevin Langlois
