

SUMMER REGISTRATION REQUIREMENTS

Unlike fall & spring registration, which is required, summer registration is optional unless a student is in a category that requires registration.

STUDENT SITUATION	REGISTRATION REQUIREMENT
STUDENTS GRADUATING in AUGUST:	
● Who plan to check-out early (check-out by May deadline)	Do Not need to register for summer , unless continuing on with another degree and using campus resources for that degree in the summer.* Students working on research in the summer should register for research credits in summer II.
● Who plan to meet the standard check-out deadlines	Must register for summer. Students working on research in the summer should register for research credits in summer II.
STUDENTS GRADUATING in DECEMBER:	
● Who plan to check-out early (check-out by September deadline)	Must register for summer. Typically thesis students register for research credits in summer II. Unless the student is on a summer RA contract, student is only required to register for 1 credit.
● Who plan to meet the standard check-out deadlines	Do Not need to register for summer , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.
STUDENTS on a SUMMER RA CONTACT:	Must register for 3 credits of research in summer II (no exception to this rule). Since 1 credit in the summer cost exactly the same as 4 credits, students may register for the required 3 credits of research + an additional credit of the students choice at no extra cost.
STUDENTS on a SUMMER TA or HOURLY CONTACT:	Do Not need to register for summer , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.
STUDENTS NOT on a SUMMER RA CONTRACT & NOT GRADUATING (see above for details) :	Do Not need to register for summer , unless using campus resources in the summer*. Students working on research in the summer should register for research credits in summer II.

ADDITIONAL INFORMATION

*Campus Resources: Any student using campus resources in the summer MUST register for summer credits.	Examples of campus resources (other examples may apply) include working: <ul style="list-style-type: none"> ● in a campus lab ● with an advisor or committee members (research, thesis content, defending) ● with other students (on research) ● with CSM staff (formatting thesis, checking out)
Summer II Research Registration	Although summer II does not begin until mid-summer, research registration covers the student's registration requirement for the entire summer.
