6.0 SUSPENSION & DEBARMENT

6.1 Suspension. After meeting with the affected Mines department(s) and,
where practicable, the vendor who is to be suspended, the Director of
Procurement and Contracting may issue a written determination to
suspend a vendor from doing business with Mines pending an
investigation to determine whether cause exists for debarment. The
suspension shall not exceed three (3) months unless a criminal indictment
has been issued for an offense, which would be cause for debarment. In
such cases, the suspension may remain in effect until after the trial of the
suspended vendor.

6.1.1 A written notice of the suspension, including a copy of the determination,
shall be sent to the suspended vendor. The notice must:
A. State that the suspension will be for the period necessary to complete
an investigation into possible debarment; and
B. Inform the suspended vendor that any person(s) representing the
suspended vendor during the suspension period may conduct no
business with Mines and that any Solicitation responses received from
the suspended vendor during the suspension period shall not be
considered.

6.1.2 The suspension period will be effective upon issuance of the notice
of suspension.

6.2 Debarment. A vendor may be debarred for any of the following reasons:
• Conviction of a criminal offense in relation to obtaining or attempting to
obtain a Mines Contract or in the performance of such Contract;
• Conviction under State of Colorado or federal statutes of
embezzlement, theft, forgery, bribery, falsification or destruction of
records or receiving stolen property;
• Conviction under State of Colorado or federal antitrust statutes arising
out of the submission of Bids or Proposals;
• Willful material failure to perform in accordance with the terms of one
or more Contracts following notice of such failure, or a history of
material failure to perform, or of materially unsatisfactory performance
of one or more Contracts;
• The vendor is currently under debarment by any other governmental
entity which is based upon a settlement agreement or a final
administrative or judicial determination issued by a federal, state or
local governmental entity; and/or
• Violation of the provisions of Section 7-108-401 C.R.S., “General
Standards of Conduct for Directors and Officers.”
Following completion of the investigation to determine whether a vendor has engaged in activities that are cause for debarment, the Director of Procurement and Contracting may debar the vendor. A vendor may be debarred for a period of time commensurate with the seriousness of the offense.

A written notice of debarment must be sent to the debarred vendor. The notice must:

- State the debarment period; and
- Inform the debarred vendor that any person(s) representing the debarred vendor during the debarment period may conduct no business with Mines and that any Solicitation responses received from the debarred vendor during the debarment period shall not be considered.

The debarment period will be effective fourteen (14) days after the notice of debarment is sent to the debarred vendor.

After the debarment period begins, the vendor shall remain debarred until the debarment period specified expires unless a court of competent jurisdiction or the Director of Procurement and Contracting deems otherwise.

### 6.3 Master List

The Office of Procurement and Contracting shall maintain a master list of all suspensions and debarments. The master list containing information concerning suspensions and debarments will be a public record.
