Academic Room Scheduling
The rooms listed on the Room Information document list the available rooms on campus. If you are interested in a non-academic classroom or outdoor space on campus, please check the General Campus Room Reservations page for information.

The following departments have rooms that may be requested under the Region:

RG – Registrar Controlled Rooms
CBE – Chemical and Biological Engineering

If you would like to reserve a room from any other department, please contact the department directly.
Room requests must be made 48 hours in advance.

An email will be sent to the address provided and another email will be sent if the request is approved or denied within 2-3 business days.

To change an existing reservation, email the applicable department that scheduled the request. If you require a Registrar controlled room for additional time or on a different date for an event already requested, just put a request in for the additional time or different date (if applicable). If you need to cancel a reservation, please email scheduling@mines.edu with the original request email attached.
