Mines offers a comprehensive review of all previous military coursework and/or experience in an effort to support the exemplary service of our nation’s military and veteran student population.

We have established a review of this coursework and experience in an effort to provide you with the maximum amount of credit for your previous education and training. Credit accepted in transfer may not duplicate coursework previously taken. Military service credit is evaluated when official copies of transcripts from military schools are received and are evaluated according to the American Council on Education (ACE) Guidelines. Please be aware that the credit recommended by ACE does not guarantee the awarding of credit for that course or experience.

- Army, Navy, Coast Guard, and Marine personnel should submit a Joint Services Transcript. To order a Joint Services transcript, go to https://jst.doded.mil/.
- Air Force personnel should submit a Community College of the Air Force transcript. To order a CCAF transcript, go to http://www.au.af.mil/au/ccaf/transcripts.asp. Please Note: CCAF is a regionally accredited institution.
