---

**COLLEGE OF: Engineering & Computational Sciences**

Applied Math & Statistics (choose specialty):

- Computational & Applied Math     Statistics

Computer Science (choose specialty, if desired):

- Computer Engineering     Data Science     Robotics & Intelligent Systems  
 Business     Research Honors

Civil Engineering     Environmental Engineering

Electrical Engineering (choose specialty, if desired):

- Information & Systems Science     Energy Systems & Power Electronics  
 Antennas & Wireless Communication     Integrated Circuits & Electronics

Engineering (choose specialty):

- Energy Studies     Robotics & Automation     Water Security  
 Music, Audio Engineering, & Recording Arts     Corporate Sustainability  
 Community Development     Individualized

Mechanical Engineering

---

---

---

**COLLEGE OF: Earth Resource Sciences & Engineering**

Economics & Business

Geophysical Engineering

Geological Engineering (choose specialty):

Geological Engineering

Minerals & Petroleum Exploration

Mining Engineering

Petroleum Engineering

---

---

**COLLEGE OF: Applied Science & Engineering**

Chemical Engineering (choose specialty, if desired):

Biological Engineering

Process Engineering

Research Honors

Chemistry (choose specialty, if desired):

Environmental Chemistry

Biochemistry

Biochemistry

Metallurgical & Materials Engineering

Engineering Physics (choose Master's combined program, if desired\*)

Applied Mathematics & Statistics

Materials Science

Applied Physics

Mechanical Engineering

Electrical Engineering

Nuclear Engineering

\*This does not automatically accept you into the program. Completion of Graduate Admissions required.
