# CLUBS AND ORGANIZATIONS NEWSLETTER

MINES™ STUDENT ACTIVITIES, INVOLVEMENT & LEADERSHIP

# HIGHLIGHTS FROM OCTOBER

Homecoming 2021 - Orediggers on the Open Road was an incredible time for our clubs & organizations community! This year the Mines Activities Council (MAC) included the first ever street fair, and our community was able to set up various tables to interact with students, alumni, faculty/staff, and community members. We can't wait for next year!

Fall Fest 2021 was hosted over Fall Break, and several clubs and organizations hosted events throughout the four days to entertain and engage with their peers. Some of the highlights included a meet-and-greet with Blaster and Blue Key, tie-dye with the SAIL office, and pumpkin painting with SAAVE! [Sign your organization up to host an event for WinterFest 2022 in February!](#)

Registration for the 2021-22 academic year concluded at the beginning of October for our organizations, and we have over 170 registered student organizations on the Mines campus! Thank you to all of those who attended Fall Summit in September and have been doing an incredible job at submitting events, engaging with students, and being incredible Orediggers - we love having you all as a part of the clubs and orgs community!

# MEETING & EVENT REQUIREMENTS

---

## COVID- 19 POLICY UPDATE:

The Colorado School of Mines has updated their policies regarding masks on campus. As of November 1st, 2021, masks are **required** in all indoor spaces regardless of vaccination status. For clubs and organizations, this means that you will need to require masks for all of your events taking place indoors. Food is still permitted and is currently not required to be individually packaged, and individuals may remove their masks while actively eating and drinking in indoor spaces that allow food and drink.

To review the full update from Peter Han, Chief of Staff for the President's Office, please visit the latest announcement.

## MEETING & EVENT REQUIREMENTS:

As a reminder, all student organization meetings and events must be submitted via Engage for approval. In addition to submitting your events to Engage for approval, you also must reserve any spaces that you want to utilize on campus. Campus Events requires that you all request your spaces at least 3 days in advance to ensure they can properly staff buildings for your events, get your spaces set up in a timely manner, etc. Campus Events will not be fully staffing November 20th - 28th due to campus being closed part of that time, so please book far in advance if you are needing space any of those dates!

To review our full meeting and event planning requirements, [visit the SAIL website here!](#)

## REGISTRATION REMINDER:

To be able to be a fully registered student organization and plan meetings and events, all student organizations must go through the annual renewal process to become registered. If your organization is not listed [here](#), please contact the Clubs and Organizations Coordinator, Haley Hannaman, at [hhannaman@mines.edu](mailto:hhannaman@mines.edu). This is a requirement for ALL student organizations, regardless of what governing body you fall under.

As a reminder, all advisor agreements must be turned in no later than December 31st, 2021. If you do not have an advisor agreement on file by that point, your organization will be switched to inactive until you are able to find an advisor to serve for your organization. If you need assistance in finding an advisor, please contact the Clubs and Organizations Coordinator, Haley Hannaman, at [hhannaman@mines.edu](mailto:hhannaman@mines.edu).

# CLUB & ORGANIZATION INVENTORY

---

Hello All!

Currently, SAIL is in the works of compiling a master list of club inventories on campus. Within this announcement is an excel spreadsheet that will house each of the club's inventories. This list is created based off the active club registry sent out by Haley Hannaman earlier this year. If you do not see your club on this sheet, please contact Kameron Bell (kbell1@mines.edu) and Haley Hannaman (hhannaman@mines.edu) within the same email to start a discussion towards the matter.

Please fill out your sheet with your current president in the incoming president box. Then fill in your club's inventory, do not worry about the tag column yet, and email Kameron Bell for access to your sheet specific password to lock the sheet from edits. To lock your excel sheet make sure you are on the home tab, then click the format tool within the cells section, and move your way down to protect sheet, then fill in the password given to you. You may only use the password given by SAIL.

Later SAIL will be requiring clubs to bring their inventory to a staging area to begin the tagging process for club items.

## **Link to Excel Spreadsheet: Club Inventories**

Make sure to keep this link for safe keeping, it is expected that clubs update this inventory as they purchase non-consumable items for club use and safe keeping

Cheers,  
Kameron Bell

## HIGHEST CURRENT NEEDS:

- Paid calculus tutor for local high school student
- Pre-calculus tutor for local high school student
- Paid or work study tutor with DiggerDen
- Shelton science fair volunteers
- Uniquely Mines experiments for our virtual experiment library

## SERVICE OPPORTUNITY: VOLUNTEERS NEEDED FOR A FUN EVENING GETTING LOCAL KIDS EXCITED ABOUT STEM!

The 2021 STEM Fair at Shelton Elementary will be held on Tuesday, November 16, from 5:30 – 7:30 pm (set up at 5:00 pm, or before if needed). This is a simple and fun way for your organization to participate in a service activity, where you can get local elementary school kids excited about STEM. All you need to do is bring an activity to set up at your station (or classroom) that allows kids to stop by to observe a demonstration or participate in a hands-on activity. The more engaging, the better! These are the types of things that get kids excited about science and math at an early age.

If your organization/club would like to participate, please fill out the following form (link below) by Friday, November 5. In the form please detail the activity you plan to set up (or let us know as soon as possible).
