

GRANT APPLICATION AY 2021 - 2022

The SAIL office offers grants to students and student organizations every academic year to further Mines' efforts towards Mines @ 150 and to promote leadership and student involvement. The grants are given for specific projects and events and must tie to the intent set by SAIL for the year. You can request up to \$1,000 per proposal.

For this academic year (AY 2021-2022) we are offering grants in two specific areas:

- Diversity, Inclusion & Access
 - Projects and events submitted under this category aim to increase the cultural competency of our campus, create a climate of inclusion and understanding, provide opportunities for dialogue, increase access of k-12 students to STEM education.
- Collaborative Pursuits
 - Projects and events submitted under this category target initiatives that will be done in collaboration with a Mines club, entity or person or an external community or industry partner. They can be in any field and are aimed at creating sustainable change or progress.
