Apply to be on BSO!

BSO Applications are OPEN! The Board of Student Organizations is a governing body whose purpose is to aid the over 150 student led clubs on the Colorado School of Mines campus. Our primary goal is to facilitate clubs in their success and longevity. It is our responsibility to register active clubs, provide all necessary tools, and assist in any way needed. We are here to answer questions, help with paperwork, give our advice and speak from experience. We also serve as representatives for organizations to the Undergraduate Student Government (USG) and to administrative offices on campus. Click here to learn more!
