T@M Weekly: May 4th

News + Upcoming Events

Last week of Classes! Congratulations to all of our students (and all students at Mines) on reaching the end of the semester. Good luck on finals next week!

Opportunities

Job Openings: Check out other opportunities here.

- St. Vrain Valley School District is looking for multiple high school math, chemistry, A.P. physics and computer science teachers, as well as middle school math, science and technology teachers. You can email any questions to Ty at valentine_ty@svvsd.org, or check the open positions out on the web here: https://www.applitrack.com/stvrain/onlineapp/default.aspx
- Cherry Creek Schools has a handful of science and CTE positions currently open as well! Your students can find them here if they are interested in applying.
- Thornton High School in Adams 12 Five Star Schools is hiring a full time instructional technology/computer science teacher! Click here to learn more and apply.
Elizabeth High School has an opening for a Physical Science Teacher! If you are interested check out their website or reach out to Cherie at cwyatt@esdk12.org.

Denver Math Fellows:
Denver Fellows provides an ideal service year for recent college graduates from any major, career changers considering teaching, and retirees from a range of fields. Fellows commit to one school year of work focused on accelerating students’ academic growth in mathematics. Fellows teach small groups of students math during the school day. It is an opportunity for those that do not have the resources to pay for private math tutoring to receive it during their school day.

Priority Deadlines:
- June 1st, 2022
- July 1st, 2022

Ongoing hiring: July 2022 to March 2023 as positions are available
To learn more and apply, visit their website: https://www.denverfellows.com/

Budapest Semesters in Mathematics Education (BSME):
A study abroad program in Budapest, Hungary designed for undergraduates and recent graduates interested in the learning and teaching of secondary mathematics. BSME participants explore Hungarian pedagogy, in which a strong and explicit emphasis is placed on problem-solving, mathematical creativity, and communication.

Current programs and deadlines include:
- Fall 2022 - May 15, 2022
- Spring 2023 - November 1, 2022
To learn more and apply, visit their website: https://bsmeducation.com/.
