T@M Weekly: September 20th

Teach@Mines News

Liquid Nitrogen Ice Cream Social:
Please join us for an ice cream social! The event will include a short presentation to bust myths about the teaching profession, Liquid Nitrogen demos, info on Mines Minor in STEM Education, BS in Design Engineering with a STEM Teaching focus area, the MS in STEM Education, and ways to get involved with teaching on campus. Feel free to stop by for all or part of the event!

If you have any interest in teaching, this will also be a great chance to learn more! (Please RSVP by 10/1 to ensure we have enough food)

What: Teach@Mines Liquid Nitrogen Ice Cream Social
When: Tuesday, October 3rd, from 5p-6:30pm
Where: CK140
RSVP: https://forms.gle/4CUbg1aRpScprJCM8

TEA Meeting 9/26 - TEA and Trivia:
Join TEA at their next meeting on Tuesday, September 26th in CK282 from 4:00 - 5:00PM. This is a great opportunity for students interested in the education sector to meet like-minded peers by playing trivia and drinking tea. Students can have discussions around teaching, their experiences in the classroom, and hopes for the future.

Mines welcomes individuals with disabilities. If you require an accommodation in order to participate in this event, please contact Elizabeth Ruzicka at elizabethruzicka@mines.edu. Advance notice may be necessary to arrange for some accessibility needs.

Job Opportunities

Looking for a Job? Check Out Our Job Search Tips Page:
Teach@Mines has a page with current tips and advice for those seeking a teaching position (check it out here). One of the resources there is the Colorado Association of School Executives (CASE) job search - use it here!

**Scholarship Opportunities**

**Praxis Test Stipends:**
We have funds available for students who will be taking the Praxis exam this year. If you are thinking about getting a teaching license and your degree is in engineering, for example, then you'll need to take a Praxis exam in the area that you plan to teach.

For example if your degree is in Electrical Engineering and you plan to teach Math, you'll need to take the math Praxis. If your degree is in Chemistry and you plan to teach science, then you DO NOT need to take a praxis exam.

Please let Dr. Adams wkadams@Mines.edu know this week if you think you might want to take a Praxis between now and Summer ’24. We need to let the state know how much money to set aside for us.

**Colorado Department of Education Residency Stipend**
- Must be pursuing licensure through Teach@Mines
- Available to both undergraduates and graduate students
- Must have 300% Pell need to qualify – as determined by the FAFSA
- $11,000 wages during the student teaching/Capstone Curriculum Design II semester.
  Does not affect financial aid eligibility.
- No commitment or payback provisions

Please notify Dr. Adams by December (WKAdams@Mines.edu) if you anticipate using this stipend in Spring 2024.

**Other Opportunities**

**Budapest Semesters in Mathematics Education (BSME):**
A study abroad program in Budapest, Hungary designed for undergraduates and recent graduates interested in the learning and teaching of secondary mathematics. BSME participants explore Hungarian pedagogy, in which a strong and explicit emphasis is placed on problem-solving, mathematical creativity, and communication.

**Current programs and deadlines include:**
- **Spring 2024:** October 15, 2023 (here)

To learn more and apply, visit their website here.

**Internship at PUI:**
"Research and Teaching Internship at a Primarily Undergraduate Institution" supported by the National Science Foundation DMR-CAREER-2240813. The internship is directed at graduate students who are considering a career at a PUI. This will be an immersive 8-9 week program at Bates College where graduate students will help develop and teach a course during Bates short term, a period of focused academic study when students on campus engage in structured coursework for a three-week period. Following short term instruction graduate students will mentor and conduct research with undergraduate students for a four-week summer research project in the area of solid state chemistry. The complete ad can be found at this link. The program will run in May/June of 2024, and applications will be reviewed November 30th, 2023. Click here for form. Contact glaurita@bates.edu with any questions.

**Live Musical Performers Needed:**
The University Honors and Scholars Programs is having an open house on 9/22 from 4pm-6pm and looking to have students play live musical performances. If you are interested, please let Kassandra Pontilo know at kpontilo@mines.edu.
