## RECORD OF PROCEEDINGS

---

Golden, Colorado  
May 13, 1966

The Board of Trustees met in regular session on May 13, 1966, at 8:30 a.m., in the President's Office of the Colorado School of Mines.

Present: Messrs. Coors, Eisenach, Parker, and Stockmar.

President Childs and Mr. Steinhauer attended the meeting.

Bills against the SPECIAL APPROPRIATION were examined and allowed as set forth on the following pages, Nos. 2 through 15, inclusive.

May 13, 1966

Donald Elroy Michels

New Faculty Appointments. President Childs reviewed the following new appointments to the faculty:

B. J. Mitchell	\$10,250
Assistant Professor of Petroleum Engineering	
George R. Pickett	10,000
Assistant Professor of Geophysics	
Stephen L. Gardner	6,500
Instructor in Economics	
S. Dale Foreman	10,200
Assistant Professor of Basic Engineering	
Marvin L. Kay	6,700
Instructor of Physical Education	
Lynnard Wayne Denton	6,700
Instructor in English	
Don Loren Bohmont	8,700
Assistant Professor of Mathematics	

Upon motion made, seconded, and unanimously approved, the appointments were confirmed.

Report on Institution Functions and Plans Requested by Colorado Commission on Higher Education. President Childs distributed copies of a draft of the report being prepared for submission to the Commission.

After considerable discussion, the report was approved as amended.

Report on Visitation of National Science Foundation Team. President Childs reported on the NSF inspection which had been held in connection with the request by the School for approximately \$3,000,000 required to bring the School up to NSF standards and thus be designated a "Center of Excellence." He stated that the National Science Foundation seemed primarily interested in enriching our science program. He stated that he had asked for a six-month extension before a decision was reached and in the meantime he felt we should re-examine our desired institutional goals in relation to the strongest possible science program for engineers. The problem centers around the question as to whether science can be stressed without endangering the School's emphasis on engineering. ✓

The Board agreed that we should not dilute our primary function of furnishing engineering education of the highest quality possible.

Monthly Reports. Mr. Steinhauer distributed the monthly reports as follows: Summary of Budget Appropriation & Disbursements, as of April 30, 1966; Balance Sheet, April 30, 1966; Restricted Funds, April 30, 1966; Hill Levy Building Fund, as of April 30, 1966; Experimental Plant, Summary of Budget Appropriation & Disbursements, as of April 30, 1966; Geophysical and Geological Studies, as related to the Derby Earthquakes, as of April 30, 1966; Statement of Income and Expense, Mines Park Addition and Houses No. 1, as of April 30, 1966; Statement of Income and Expense, Houses No. 2, as of April 30, 1966; Analysis of cash position, Operations Pledged to Open End Bond Issue, through April 30, 1966; C.S.M. Athletic Association, Comparison of Receipts and Disbursements to Budget as of April 30, 1966; Budget Period, Health and Accident Fund for the Associated Students of the Colorado School of Mines, as of April 30, 1966; and the Statement of Income and Expense, Graduate Research Center.

Property at 18th and Illinois. There was a discussion of the tract of land located at the southeast corner of Illinois and 18th Street owned by Dr. James Gary and upon which he would like to build a home. This tract is within the CSM long-range land acquisition area. ✓

While no guarantee can be made that CSM will not require land at an earlier time, Mr. Steinhauer was instructed to advise Dr. Gary that the Board had no present intention of acquiring the tract and that the chance of requiring the tract within the next ten years is remote.

Construction Loan. Mr. Steinhauer reported that in compliance with the Housing and Urban Development agency stipulations, he and President Childs had met with the State Auditor and a private auditing firm was now making an audit of the School for the years 1964-65 and 1965-66. ✓

Mr. Steinhauer reported that the Denver United States National will continue to offer us a construction loan in the amount of \$750,000, subject to the School obtaining a firm loan agreement with the Housing and Urban Development agency and will advance funds for immediate needs.

Upon motion made, seconded, and unanimously passed, Mr. Steinhauer was authorized to establish a construction loan with the Denver United States National Bank at 3-5/8 percent interest and make disbursements from this loan fund for the construction of the new dormitory complex.

1966-67 Budget. Mr. Steinhauer distributed copies of the proposed budget for 1966-67 in the amount of \$3,233,870.

Upon motion made, seconded, and unanimously passed, the budget was approved.

Sigma Alpha Epsilon House. President Childs reported on a letter dated May 4 written by Mr. Leo Bradley with regard to the sale of the SAE house to the School. Mr. Bradley had made available a professional appraisal of the house in the amount of \$70,000. He offered the house at that price and asked for a lease of the house from the School at \$400 per month, preferably until June 1, 1968.

Mr. Steinhauer was authorized to write to Mr. Bradley offering \$70,000 for the house with a rental arrangement of \$500 per month up until August 31, 1967 at which time the School intends to raze the half-block area as part of the campus consolidation and preparation for the site of the new humanities center.

Duplicates of Silver Diplomas. Mr. Steinhauer reported on the practise of furnishing duplicate silver diplomas to those who requested them. He said these duplicates are exact with the exception that when it is impossible to obtain manual signatures, photographed facsimile signatures are used.

The Board had no objection to such a procedure.

Dr. John Reed's Request for Patent Procedure. President Childs reported on the efforts of Dr. John J. Reed to develop commercial availability of rock mechanics instrumentation started while he was working for St. Joseph Lead Company in 1955.

At the present time Soiltest, Inc., a manufacturing and sales organization, is interested in patenting, manufacturing, and selling equipment for use in the field of rock mechanics. Ordinarily, the procedure would be to send the proposal to Research Corporation with whom we have an agreement. The Research Corporation may then apply for patent and attempt to find a market for the invention. In this case where the market is available, it was the opinion of the members of the Board that there would be no need to go through the Research Corporation, since the arrangement includes an option to choose the route of patent application.

The Board approved the general idea of Dr. Reed's proposal, subject to a review of the final documents and arrangements.

U. S. Scholarship Program. President Childs reported for the information of the Board that the United States Scholarship Fund shows a deficit to date of \$7,610.

---

---

The matter would be taken up at the next CSM Foundation meeting to determine if there is any way to continue the program.

Honorary Degree. Upon motion made and seconded, it was unanimously

RESOLVED, That an honorary degree of Doctor of Engineering be conferred upon Governor John A. Love at Commencement exercises on June 3, 1966.

The meeting adjourned at 12:30 p.m.

---

Secretary

## RECORD OF PROCEEDINGS

---

Golden, Colorado  
June 20, 1966

The Board of Trustees met in special session on June 20, 1966, at 8:30 a.m., in the President's Office of the Colorado School of Mines.

Present: Messrs. Eisenach, Fenwick, Parker, and Stockmar.

Absent: Mr. Coors.

President Childs attended the meeting.

Dr. Parker, President of the Board, presided.

Bills against the SPECIAL APPROPRIATION were examined and allowed as set forth on the following pages, Nos. 2 through 18, inclusive.

June 20, 1966
