

PROOF OF DISSEMINATION OF RESEARCH
COLORADO SCHOOL OF MINES UNDERGRADUATE RESEARCH SCHOLARS DISTINCTION
2020-2021

In what form did you disseminate (or will you disseminate) your research?

- Oral presentation at a conference or in an otherwise academic setting.
- Roundtable presentation at a conference or in an otherwise academic setting.
- Poster at a conference or in an otherwise academic setting.
- Published academic journal.
- Other. Please explain:

What is the title of the events or journals where your research was (or will be) disseminated?

What organizations and/or schools hosts these events or journals?

What year was this event hosted or journal published? (What year will this event be hosted or journal published?)

What was the title of your research?

Who are the co-authors of this research?

Who is the faculty mentor guiding this research?

Please insert your abstract below:

If you have NOT yet disseminated your research, please describe (in 4-5 sentences) what you have done and are doing to ensure you are on track to fulfilling this requirement by the end of this semester.

SIGNATURES

You and your faculty mentor must sign below to verify that the above information is truthful. It is encouraged you obtain the signature of the faculty mentor you listed above (as guiding the research) and (if different) the faculty mentor you most recently worked with. Please print, sign, SCAN, and upload this entire document to the Undergraduate Research Scholar Distinction Form.
