

Tunnel Case Histories

**Dr. Gary Brierley, President
Doctor Mole Incorporated**

WEDNESDAY, SEPTEMBER 25th at NOON in BB 125
- lunch provided -

Join us on Wednesday, September 25th at Noon as Dr. Brierley presents several tunnel case histories and gives an overview on the importance of understanding ground behavior relative to tunnel design.

Dr. Gary Brierley, P.E. – President of Doctor Mole Incorporated

Dr. Brierley is President of a sole-proprietor consulting practice; Doctor Mole Incorporated. He graduated from Tufts University in 1968 and received his Ph.D. from the University of Illinois in 1975.

He has been involved with the design and construction of underground projects for more than 45 years and has worked on more than 500 tunneling projects.

He is a frequent lecturer and author about all aspects of underground construction and has participated in the preparation of two books: *Subsurface Conditions* (1998) and *Design-Build, Subsurface Projects* (2002, 2010).
